

Raghavendra Yallamanda

Frontend Developer

Experienced Frontend Developer | Specializing in React.js & Redux | Proficient in WMS Projects

Dedicated and results-oriented Frontend Developer with 2 years and 4 months of hands-on experience in crafting dynamic user interfaces using React.js and Redux. Experienced in contributing effectively to the development of Warehouse Management System (WMS) projects, demonstrating a solid understanding of frontend technologies and best practices. Proven ability to collaborate within startup environments, like eArbor, to deliver high-quality, scalable solutions. Possesses a strong sense of confidence and expertise in frontend development, combined with a passion for continuously expanding knowledge and skills in the field.

SKILLS

React.js

JavaScript (ES6+)

HTML5

CSS3

Redux

Responsive Web Design

RESTful APIs

Node.js

Git/GitHub

Npm or Yarn

Ant Design (antd)

Bootstrap

Webpack

Babel

JQuery

Unit Testing

EXPERIENCE

FRONTEND DEVELOPER

eArbor – Technology Solutions

- Collaborated with cross-functional teams to design and implement user interfaces for Warehouse Management System (WMS), ensuring a seamless and user-friendly experience
- Utilized HTML, CSS, and JavaScript to develop responsive and interactive frontend components, enhancing the overall usability and efficiency of the WMS
- Implemented JQuery and React.js for dynamic and real-time updates, improving the system's responsiveness and user engagement
- Worked closely with backend developers, integrating frontend components with .NET, ensuring smooth communication and functionality between the frontend and backend
- Developed and maintained databases using PostgreSQL, optimizing data retrieval and storage for efficient WMS operations
- Contributed to system architecture discussions, providing valuable insights into frontend design decisions and ensuring alignment with project goals
- Utilized Git and GitHub for version control, actively participating in collaborative coding, conducting code reviews, and managing pull requests
- Successfully delivered on time and within scope, demonstrating strong problem-solving skills and attention to detail
- Stayed current with industry trends and emerging technologies, actively seeking opportunities for continuous learning and skill enhancement.

EDUCATION

COMPLETED COURSEWORK TOWARDS BTECH – CIVIL ENGINEERING

Annamacharya Institute of Technology & Sciences
